

PVXL ANC EM-JH151

Presenting the PVXL ANC from House of Marley - Making our popular headphones even better, we've added incredible Hybrid Active Noise Cancellation to our ultra-comfortable over ear wireless Positive Vibration XL. Boasting a 26-hour battery life with active noise cancellation and a total of 35 hours of playtime without. 40mm Hi-Definition driving headphones featuring quick charge technology exceed expectations by every metric. They also feature a suite of onboard functions along with ultra comfortable ear foam cushions for optimal comfort, a foldable design for safe transport and an onboard microphone with remote functionality.

Features

Materials// The PVXL ANC wireless headphone is crafted from FSC® certified wood, premium REWIND™ fabric, stainless steel, and recyclable aluminum,— embrace your natural style with Marley's message of craftsmanship and sustainability.

26 Hours with ANC on/ 35 Hours with ANC off // The PVXL ANC is powered by an internal rechargeable lithium polymer battery providing 26 hours of playback with ANC on and 35 hours with ANC off. Going longer between charges extends not only playtime, but product life as well. Tune out your surroundings to enjoy more music and a better wireless experience.

40mm Hi Definition Drivers // Designed and engineered for powerful sound. The PVXL ANC wireless headphone features 40 mm hi-definition drivers that can pump your music as expected from the House of Marley.

Ultra Comfort Foam Cushions // Ultra Comfort foam ear cushions were incorporated into the Positive Vibration XL ANC design for maximum comfort during extended playtime in mind. Relax into the music or stay focused with soft comfort foam that won't distract from your listening experience.

On-board Microphone, Controls and Monitor Mode// The PVXL ANC features an onboard microphone for hands-free calling and voice command activation. Remote functionality allows you to control volume and playback when your device is out of reach.

Quick Charge and USB C // With included USB-C charging cable this technology keeps charge time to a minimum, at 2 hours for a full charge and when in a hurry 15 mins of charging provides two hours of playback.
