

Aim High, See Wide, Work Smart

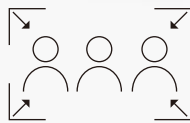

One Camera for All Conferencing Needs

Switch between three camera modes for eye-level conferencing, product demonstrations, and document sharing anytime during your online meeting.

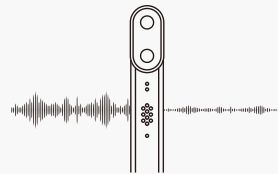

Dual Lens with Ultra-Wide FOV

Capture an ultra-wide view of your meeting room with the 120° lens and switch to the 80° one when it is time to focus on details.

AI Stage Auto Framing

Activate AI Stage, and it will automatically follow the movement of the presenter, or it will frame all the meeting participants, keeping everyone in the shot.

AI Voice Noise Reduction

Filter out background noise with a press of a button. AI Voice utilizes artificial intelligence trained with over 500 million data.

Quick and Easy Deployment at Any Table

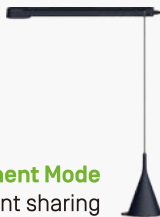

Just plug and play. TOTEM 120 is compatible with Zoom, Google Meet, Skype, Microsoft Teams, and more on Windows, Mac, and Chromebooks.
