For an extra layer of security*

Smart Door and Window Sensors

Be alerted even before a break-in occurs

Smart Indoor Siren

Deter intruders and protect your home from break-ins

*work only with the Netatmo Smart Indoor Camera

Smart Indoor Camera

Receive alerts in real time and take action if an intruder enters your home

 **Netatmo**
Same home, just smarter

A brand of  **legrand**

Be notified if unknown faces are seen

Intruder alerts

Familiar or unfamiliar face? With facial recognition and immediate break-in notification, take action only when necessary.

Protect your family's privacy

Use facial recognition to pre-record familiar faces to disable notifications and video recordings of them. Your Indoor Camera's job is to detect intruders, not your relatives.

Access to all features, and no subscription necessary

Video storage and all Indoor Camera features and upgrades are accessible at all times without subscription.

Fully secure data

With Netatmo, your data is always secure. You can store videos locally on a microSD card using high-security encryption and, if you wish, back them up to the cloud via Dropbox, iCloud or your FTP server.
