DESCRIPTION

- Wireless speaker compatible with Bluetooth 5.3 technology for enjoying music both indoors and outdoors.
- Compact and portable in size (includes wheels and trolley), it provides high-quality sound thanks to its high output power, 180W RMS.
- Robust design with highly resistant materials (wood).
- RGB LED lights.
- Amplifies sound, allows pairing two devices simultaneously, and increasing sound power thanks to its True Wireless Technology.
- Compatible with Bluetooth Technology: Connect your device via Bluetooth and play your music with the best sound quality.
- It has a USB input port to connect a memory of up to 32GB.
- Includes AUX In input for 3.5mm Jack.
- Double microphone input to turn your parties into a real karaoke.
- Rechargeable Lithium battery of 16V/3600mAh that can play music for up to 5 hours (at 70% volume).
- Control your music from the speaker with the integrated buttons or from the remote control.
- The mobile range for music playback is up to 10m.
