Available in:  Black

## Snap 2-in-1 Magnetic Wireless Charger

### About The Product

Minimalist, comprehensive power for your most-used everyday tech. Our Snap 2-in-1 Magnetic Wireless Charger combines the latest magnetic technology and Qi power for simultaneous, seamless and comfortable use. With its adjustable head you can tilt your MagSafe equipped phone to an angle of your choice in portrait as well as landscape orientation, perfect for taking a conference call or watching videos.

The base hosts the wireless pad, powering your AirPods Pro (or compatible AirPods) through Qi wireless charging. Crafted in solid metal, the weight of the base is carefully balanced to allow effortless one-hand detachment while keeping the charger in place on your desk – just grab and go. Comes with a 2m braided Type C to Type C cable for flexible charging placement and enriched with two subtle LED indicators to showcase charging in motion.

### Why have we created Snap 2-in-1 Magnetic Wireless Charger?

This continuation of our MagSafe range levels things up. A premium weighted base keeps things from slipping around while also acting as a wireless pad for your AirPods. A modern, subtly ridged design houses the adjustable stand head, letting you view your iPhone at any angle or orientation. The latest tech, elegantly designed for modern life with your devices.

### Thoughtfully designed to fit your lifestyle

- Snap your iPhone 12 to the stand, drop your AirPods (Pro) in the tray
- Powers iPhone up to 7.5W & AirPods (Pro) up to 5W
- Stream in landscape, twist to browse in portrait
- Adjustable angle for versatile viewing
- Effortless one-hand detachment with a weighted base – just grab & go
- Know when your devices are charging with discreet LED indicators
- Includes an extra long 6.5ft / 2m USB-C to USB-C braided power cable for freedom of placement
