

4 SIMPLE STEPS FOR HAPPY PLANTS

DAY 1

All-in-one pod

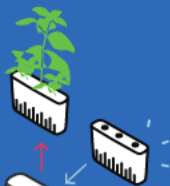

DAY 7

Your pod has sprouted!

1 MONTH

Harvest your plant, every week, right in your kitchen!

3-4 MONTHS

Your plant is tired, it's time to replace it!

EVERYTHING YOUR PLANTS NEED TO GROW HEALTHILY

Prêt à Pousser

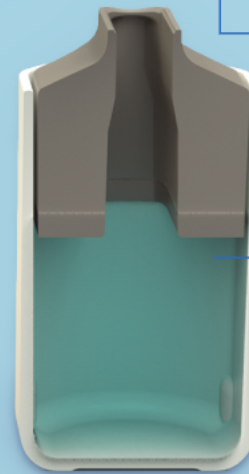

LOW CONSUMPTION LED LIGHT

Energy-saving LED lights designed to simulate sunlight.

ORGANIC SEEDS

Selected for their taste, aroma, and resilient growth!

ALL-IN-ONE POD

Seeds, soil and nutrients: they are all there!

YOUR PLANT FLOATS ON WATER

The water pot allows the plant to grow autonomously.

The patented flqat™ design provides the ideal environment for the roots.
