Streamlined design. Maximum expression.

EMBARGO 7 JAN 2022 – 08:00GMT / 09:00CET

AVAILABLE JAN 2022

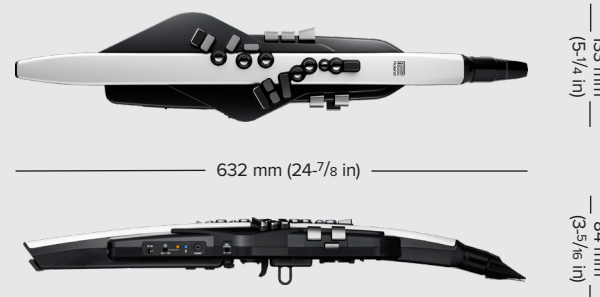

Flagship Aerophone sound, features, and playability in a streamlined design.

Aerophone AE-20 delivers all the playability and expression of our top-of-the-line Aerophone Pro in a more compact and streamlined design. Offering a rich musical experience with premium details and our most advanced sound engines, this inspiring modern wind instrument brings next-level power and versatility to all your creative journeys.

- Streamlined design with premium details and professional sounds
- Ultra-responsive playability with low-latency breath and bite sensors
- Play using sax, clarinet, flute, recorder, or brass fingerings
- Over 250 acoustic and electronic sounds, including soprano, alto, tenor, and baritone saxophones, orchestral and world instruments, synth voices, and more
- SuperNATURAL Acoustic tones with authentic sound and response
- Advanced ZEN-Core Synthesis System for vintage and modern synthesizer sounds
- Easy operation with OLED screen and ergonomic controls
- Audio and MIDI connectivity via Bluetooth® and USB
- Play anytime and anywhere with a built-in speaker, headphones jack, and battery power
- Editor app for full visual control and deep editing on mobile devices
- Lesson app for building skills and tracking progress
- Expand your musical palette with custom sounds from Roland Cloud
