Model-Specific Labels

Each compatible BOSS and Roland amp comes with a model-specific overlay sticker for GA-FC.

HOW TO CONNECT

TRS 1/4" Cable

The GA-FC includes a short TRS 1/4" cable for connection to the amp. Optional BOSS BCC-TRA Series cables are available up to 9 metres.

EXPANSION

Expression Pedals & Footswitches

Up to two external expression pedals (Roland EV-5, BOSS FV-500L, or BOSS FV-500H) or footswitches (BOSS FS-5U) can be connected to GA-FC. Various functions can be assigned via BOSS Tone Studio for Katana MkII and Katana Bass Editor software.
