BD-2-B50A

The BD-2 Blues Driver delivers the creamy, yet crunchy sound associated with great blues guitar. This legendary pedal provides instant access to the kind of warm overdrive and emotive distortion usually reserved for 30-year-old tube amps.

DS-1-B50A

The DS-1 Distortion is a true icon in the world of guitar effects. Introduced in 1978, BOSS's first distortion pedal defined a bold new sound, delivering hard-edged attack and smooth sustain that's been a staple of players for generations.
