

# VE-8 ACOUSTIC SINGER

## THE COMPLETE SOLUTION FOR SINGING GUITARISTS

For singer/songwriters who play acoustic guitar, it's a competitive, crowded world out there. The VE-8 Acoustic Singer delivers that extra edge you need to stand out and shine, supporting you with professional BOSS sound every time you perform. Simple to use, the VE-8 provides studio-quality voice and guitar processing plus impressive real-time harmonies and looping in one compact, go-everywhere package. With such great sound and powerful creative features at your command, you're destined to bring down the house everywhere you play.

- Compact, all-in-one preamp and effects solution for singers who play acoustic guitar
- Dial in rich, sophisticated BOSS sound processing with simple, intuitive controls
- Studio-quality vocal processing includes four types of ambience effects plus Enhance, chromatic pitch correction for live vocal tuning, and more
- Create natural vocal harmonies in real time based on guitar input or manual key settings
- Includes a vocal doubling effect, plus more dramatic processing like hard-tuned electronic voices, distortion, and a radio voice effect
- Dedicated guitar channel includes Acoustic Resonance, reverb, chorus, tuner, and various effects, plus phase invert and notch filter for feedback control
- Looper function with 80 seconds of recording time and the ability to loop guitar and vocals independently
