

# GO:KEYS 5 MUSIC CREATION KEYBOARD

Unlock Your Inner Musician

AVAILABLE MARCH 2024

## DEALER PRODUCT INFORMATION FILE

EMBARGO 26 MAR 2024 • 07:00GMT / 08:00CET

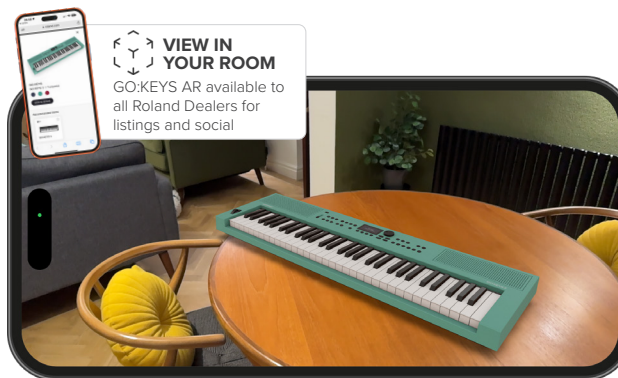

**A powerful and fun instrument with a friendly user interface, Roland ZEN-Core sounds, auto-accompaniment features, a microphone input with vocal effects, onboard recording, and more.**

**Do you have a passion for music? GO:KEYS 5 makes it easy to go from being a fan to an active music creator.**

This fun modern keyboard unlocks a simple new approach to making music, encouraging you to explore sounds and ideas in the moment—no previous experience required. Just power on, push a few buttons, and let your imagination flow. And as your skills develop, deeper features allow you to travel as far as your ambition takes you.

With GO:KEYS 5 under your fingers, you have everything you need to turn your musical dreams into reality.

- 61-note keyboard with expressive touch sensitivity
- ZEN-Core engine with over 1000 Roland sounds that have influenced modern music for five decades
- Auto-accompaniment with over 200 onboard music styles
- Chord sequencer with user editing features and over 300 ready-to-play presets
- Big, powerful sound with stereo speakers and passive radiator
- Bluetooth audio/MIDI support for music streaming and song creation
- USB audio/MIDI interface for working with music software on computers and mobile devices
- Microphone input and onboard vocal effects
- Audio inputs and outputs for connecting with other sound devices
- Pedal hold and external control jacks
- USB memory port for backup and audio file playback
- Dedicated WC-1 adapter port for Roland Cloud Connect
- Support for Roland Cloud Connect (optional) allows you to wirelessly browse, audition, and download Roland Cloud content from your smartphone
