WHAT IS IT?

When playing drums at home, most people use their smartphones, to play along with songs or learn how to play from videos. Have you ever had trouble mounting your smartphone when playing drums? The RSH-10 is a smartphone holder that can be attached to a V-Drums type of rack-stand and any tripod-type hardware.

RSH-10 provides a solution for mounting the smartphone where you want within the drum set. It allows drummers to have smartphone control at hand, making it easy to use Roland Cloud Contents and other apps with no stress.

WHO'S IT FOR?

Home and Practice Drummers

- Users who want to play along with songs or follow learn how to play videos
- Players who want easy at-hand access to Roland Cloud content and other V-Drums apps

KEY BENEFITS

1 PUTS YOUR SMARTPHONE IN THE HEART OF YOUR KIT

FEATURES

- Mount your smartphone anywhere within your kit
- Two ball joints allow for every angle, keeping the smartphone always close at hand
- The smartphone clamp section and holder are attached by magnets, allowing easy one-handed change of the smartphone's position to horizontal and vertical according to the application use

2 BUILT TO LAST

FEATURES

- Made from rigid and durable materials
- Designed to withstand the rigors of drumming

3 UNIVERSAL FIT

FEATURES

- The clamp supports various pipe diameters such as rack style to narrow type like tripod stands
- Can be attached to V-Drums type rack stands and cymbal stands
- Various types of smartphones can be mounted
