A Striking Way to Learn and Play

Check out our STEAM activities for BOLT and get inspired.
See all the activities at edu.sphero.com.

BOLT: Infrared

Learn about BOLT's infrared sensor and how you can use it to send messages from BOLT to BOLT to trigger events.

Flags of the World

Join Sphero on an exploration of the world's countries and create your own render of a flag using BOLT's Matrix.

BOLT: Light Sensor

Learn how to create a program that uses the ambient light sensor to measure lux values and chase BOLT.

Sphero Code Mat and Activity Card set

Perfect for educators, and students, this two-sided mat offers a simple, accessible way to learn block-based coding, basic math principles, and collaborative problem-solving with Sphero BOLT.

Visit sphero.com/pd to learn about the 6-hour Sphero Fundamentals Self-Guided course.
