

MAC MINI M4 STAND & HUB W/SSD ENCLOSURE

NEXT-LEVEL HUB

Designed to seamlessly pair with the new 2024 Mac Mini, this compact yet powerful hub enhances your setup with more connectivity options. Enjoy extended storage support of up to 4TB, fast transfer speeds of 10Gbps via USB-A and 312MB/s via the SD reader, and convenient power button accessibility, allowing you to power on without lifting your computer. With front-facing port accessibility for easy connections and legacy compatibility through USB-A ports, this hub adds a variety of connections to your setup, including two USB-A 3.2 data ports, a USB-A 2.0 data port, a UHS-II SD card reader, a USB-C host cable, and an upgraded internal SSD enclosure that supports NVMe drives for faster speeds and added storage. Plus, its slim, micro design and heat-dissipating bottom vents ensure efficiency and longevity.

Made in China.
