

## HiRise Pro for MacBook

**HiRise Pro. The first height-adjustable, MagSafe-compatible MacBook stand.**

HiRise Pro does what fixed stands can't do. It adjusts up and down to the perfect height for eye-level video calls or to align with your favorite external display. HiRise Pro is also the first and only stand that stealthily holds your MagSafe Charger for a streamlined workspace. The metal and leather-trimmed height-adjustable stand beautifully matches Apple's Pro accessories.

### **What you'll love about HiRise Pro for MacBook:**

- Adds 2.5 to 6-inches of height for a more ergonomic desk setup
- Elevates webcam to eye level to look your best on video calls
- Built-in housing to add MagSafe Charger (not included) to base
- Fits all laptops and MacBooks from 11-inch Air to 16-inch Pro
