

PowerBug

Wall charging made beautiful.

- Transforms any outlet into an elegant, magnetic charging dock
- 15W Qi2 wireless charging pad for MagSafe and Qi2-enabled devices
- USB-C PD port supports up to 35W fast charging
- Hands-free functionality supports StandBy mode, FaceTime, and more

Simply snap your Qi2-compatible device into place — it magnetically floats in front of you, perfectly positioned for hands-free FaceTime, StandBy mode, streaming, or checking recipes while you cook. All while it charges.

PowerBug blends effortless wireless charging with intentional design. A built-in USB-C port powers a second device, eliminating the need for extra cords or docks. From kitchen counters and bathroom vanities to bedside tables, it brings clarity and convenience to the spaces you use most.

No guesswork. No mess. Just beautiful, accessible power that fits your lifestyle — and keeps your phone in use, even while it charges.

PowerBug
