

CableStay

Keep your cables perfectly in place

- Weighted desk anchor prevents cables from falling off the desk
- 1.5 m woven USB-C to USB-C cable delivers up to 60W
- Soft-touch silicone surfaces feel warm and non-slip
- Smooth glide allows natural movement while charging

CableStay brings calm to your workspace with thoughtful design and a pop of color. The weighted, premium silicone base keeps cables from slipping off your desk, offering just enough resistance for smooth, controlled movement as you plug in and power up. Soft to the touch yet firmly planted, it creates an organized, clutter-free surface that stays exactly the way you like it.

Paired with a beautifully woven USB-C cable for charging iPhone, iPad, and Mac accessories, CableStay works best together, but just as well on its own. Use the anchor to manage other USB-C cables or simply take the color-coordinated USB-C cable wherever you need it. Designed to add visual harmony and everyday ease, it's functional desk organization with personality built in.
