

Twelve South

Valet

Elevate charging into a ritual.

- Wireless charging for Qi2-compatible devices up to 15W
- Premium leather valet tray holds phone, keys, watch, and wallet
- Interchangeable frames offer customizable colors and materials
- Additional USB-C port powers a second device

Valet transforms the daily act of charging into a moment of quiet refinement. Its premium design brings order to any space, making it the best place to hold, charge, and showcase your essentials. Valet delivers fast, seamless Qi2 wireless charging for compatible devices like your iPhone or AirPods case, giving them a dedicated, always-ready place to land. Wrapped in Nappa leather and anchored by a weighted metal base, Valet looks at home on a nightstand, entryway table, or desk while keeping your most-used devices powered and easy to find.

Made for an elegant charging experience, Valet uses three soft white LEDs that briefly confirm charging before fading away. Discreet feet lift the base to route cables neatly underneath. An extra USB-C port lets you power a second device—like an Apple Watch or iPad—so everything stays charged in one refined setup. With interchangeable frames and four orientation options, Valet adapts to your space and style, making it a simple upgrade you'll appreciate every day.
